

## **Consultant for Surgical Pathology at Department of Clinical Diagnostics**

The hospital at South west Jutland in Denmark is looking for European specialists in surgical pathology, who seeks new challenges, professionally as well as personally. If you are looking for attractive working conditions, stable surroundings, possibilities for professional development, a better work-life balance and a future life in a country with top welfare states, this opportunity might be just what you have been looking for.

### **The Department**

The department is located in Esbjerg and consists of Clinical Biochemistry, Clinical Immunology, Clinical Microbiology and Surgical Pathology. Apart from these the department also includes a Hygienic unit and a modern Laboratory for Molecular Biology. The Hospital of Southwest Jutland is acute hospital for this part of Denmark.

The clinic is kept updated with the latest technology. There is an up to date and well-functioning immunohistochemistry laboratory, and in the Laboratory for Molecular Biology we have possibilities for FISH, CISH and PCR.

### **Profile**

We are looking for candidates with a broad experience in surgical pathology and cytology. Applicants should indicate their specific areas of interest. The applicant will by employment be involved in both basic functions, but will also get involved in diagnostics with due regard to individual interests.

### **We can offer you and your family**

- Yearly salary approximately 100.000 Euro (including pension benefits and depending on qualifications)
- Language course for you and your spouse and elderly children
- Partner Integration Program with a personal consultant
- Assistance for your spouse in search of employment and integration in Denmark
- Guidance regarding schooling and child care
- Information on Danish tax matters
- 37 hour working week
- 6 weeks paid holiday
- Accommodation assistance in Denmark
- Assistance with the administrative processes when moving to Denmark
